Employment Opportunities

Section Grower

Moss Greenhouses has an immediate opening for Section Grower. This position is a hands on job where your abilities as a grower will be challenged on a daily basis.

Our perfect candidate will have a minimum 2 years experience in a greenhouse setting or will have completed a two year Horticulture program with emphasis on growing bedding plants, perennials, and hanging baskets. This is a full time position requiring more than 40 hours per week during peak season.

Job Requirements

1. Accurately maintains paperwork on a daily basis. Ensures that crop logs are maintained and documented. Must have an understanding of Microsoft Word and Excel programs.
2. Monitors irrigator's productivity and continually trains them on proper watering techniques.
3. Effectively communicates with the Head Grower, crops and personnel issues.
4. Monitors and grows all plants in assigned ranges or greenhouses.
5. Works effectively with other Section Growers and irrigators.
6. Applies fungicide, fertilizers and develops a PGR program for assigned areas.
7. Constantly monitors crops for pest and diseases issues. Communicates findings with the Head Grower.
8. Understands and uses the mechanized equipment in the area they have been assigned.
9. Communicates with the Head Grower any potential problems with climate control, crop issues, and personnel issues including scheduling conflicts.
10. Positive attitude and your ideas to promote the company in meeting our sales objectives by providing quality plants to our customers.

Moss Greenhouses is an ESOP (Employee Owned)

For immediate consideration please fax or email a resume with your qualifications to Dave Holley, Director of Operations to dave.holley@mossgreenhouses.com or fax to 208-324-7391
