

Landscape Maintenance Operations Manager

We are a growing business needing help implementing and maintaining our operations systems. We are seeking an individual with dreams, hopes, and vision; someone who is able to communicate effectively, has excellent people skills, professional appearance, and is great at setting the pace for the crew (this means you will be getting your hands dirty most days). This person must have experience in landscape maintenance and maybe snow removal with a clean driving record. Current pesticide/herbicide applicators license and other certifications is a plus. At ONE, employees are not just empowered to “WOW” our clients, they are expected too! If you feel you possess these qualities, can laugh, have fun, and not take yourself too seriously, then visit our website at www.onegm.com and call me for application instructions.
