## NURSERIES

**Bailey Nurseries Inc currently has 2 open positions in the Yamhill, Oregon propagation department.**

### **1) Greenhouse Grower- Inventory**

This position will have grower responsibilities which include organizing and setting production priorities to maximize efficiency and optimum plant quality. Candidates must have the ability to identify greenhouse crop requirements along with plant health issues and be able to recommend appropriate actions. Additionally, this position will develop and maintain accurate records of counts, schedules and plant locations of greenhouse crops. Applicants must be organized, have previous supervisory experience, and excellent communication skills.

### **2) Seedling Specialist-Grower**

The seedling specialist will oversee all tasks related to seed propagation including collection, processing and planting. Applicants should be familiar with seedling grading and storage requirements along with experience supervising crew activities. Evening and weekend duties may be required throughout the summer months.

#### **Requirements for both positions:**

- Minimum 2 year degree in horticulture or related field. (Bachelors Degree preferred)
- Comprehensive knowledge of greenhouse propagation and crop production.
- Understanding of Microsoft programs; Word, Excel, Access and Dynamics
- Must be self-motivated and have the ability to work independently or as a team.
- Ability to work a flexible schedule that includes evenings, weekends and some holidays.
- Good physical condition and the ability to work outdoors in a variety of weather conditions.
- Valid drivers license with insurable driving record.
- Excellent communication skills. Bi-lingual (Spanish) desirable.
